Re: Reference Letter for Mike Ziamba @Equity Experts.

Dear Mike:

I wanted to let you know how happy I've been with Equity Experts services in collecting delinquent fees from co-owners at the various properties. I receive lots of feedback on a regular basis from board members, who are excited with the work you are doing for us.

I like not having to go to court, in attempts to take co-owners to small claims court. Even when we received judgments from the court system, collecting was next to impossible. This has allowed us to free up our time here at KS Management Services, Inc to do other important work from day to day.

You have my appreciation for all of your efforts. Feel free to give my name out as a reference, if you need one. I will be able to speak firsthand about the value you have brought to our operation.

Thanks again,

Joe
